

ZM Financial Systems, headquartered in Cary, NC, develops, sells and supports quantitative analytics software for fixed income and derivatives professionals in capital markets and banking. Our solutions provide trade analytics, risk analytics and asset/liability management to some of the world's largest and most sophisticated capital markets institutions. We are a fast growing, private company with a need for a Financial Analyst I.

As a Financial Analyst I, you will provide client support, training and implementation of our quantitative analytics software. Daily tasks include:

- Listening to and documenting client issues
- Educating clients on proper use of the software
- Specifying requested enhancements for developers
- Loading, running and validating client data sets prior to implementation
- Assisting in on-site training and implementation for new clients
- Additional testing and research as needed

Additionally, the Financial Analyst I will also assist in Testing and Research, including:

- Review and test new software functionality
- Perform market-related research on fixed-income modeling topics
- Research and document special client projects

Mandatory Skills:

- Degree in Finance, Accounting, Economics, Mathematical Finance, Statistics or similar
- Must be attentive to details and thorough
- Bond and fixed-income knowledge (duration, convexity, option-adjusted valuation, etc.)
- Moderate to advanced MS Excel knowledge including macros
- Desire to dig in, figure out and make recommendations
- Ability to work in an unstructured environment
- Good oral and written communication skills
- Knowledge of banking and financial risk management a plus
- Some database experience a plus

Benefits:

- Competitive Salary
- 401k plus company matching
- Company paid medical, dental and vision insurance

Job Type:

- Full-time

Job Location:

- Cary, NC or Scottsdale, AZ

Required Education:

- Bachelor's

Submission:

- Please send cover letter and resume directly to: allyson.beback@zmfs.com
- Solicitations from third-party recruiters not accepted
